

Group Discussion Questions

After watching the video/videos use the questions below to reflect about action steps academic medical centers and communities can take to improve the health and health care of those who have been touched by the criminal justice system.

- **What is the most important activity your institution could do to better address the health of justice-involved populations?**
- **What additional training can your academic medical center provide to equip medical students to be responsive to the needs of this population?**
- **How can your institution better partner with your community to respond to the health and health care needs of those involved in the criminal justice system?**
- **What topics should researchers be studying about the health of currently or formerly incarcerated individuals and their families?**
